SUPERCONDUCTIVE COMPONENTS, INC. POSTPONES 2007 ANNUAL MEETING

COLUMBUS, Ohio (June 18, 2007) Superconductive Components, Inc. (OTC Bulletin Board: SCCI), dba SCI Engineered Materials, a manufacturer of high quality sputtering targets for select markets in the physical vapor deposition industry, today announced that it's 2007 Annual Meeting of Shareholders scheduled for June 25, 2007, has been postponed.

An amended Proxy Statement will be issued in the near future to shareholders of record on a date to be determined by the Board of Directors. It will include the same proposals as the original Proxy Statement filed on April 30, 2007.

About Superconductive Components, Inc.

Superconductive Components, Inc., dba SCI Engineered Materials, manufactures ceramics and metals for advanced applications such as thin film batteries, superconductors, and advanced optical systems. SCI Engineered Materials also provides materials for thin film applications used in photovoltaic, electronic switches, hardness and decorative coatings. SCI Engineered Materials is a global materials supplier with clients in more than 40 countries. Additional information is available at <http://www.sciengineeredmaterials.com>.
